

**Peace to you,  
dear brothers and sisters.**

**Our ministry in Costești is getting better and better, Praise be to God. The number of our students in Sports (Taekwondo) and English groups is increasing. Our group of Christians consists of 8 adults and 5 children at the moment. We pray God will grow it daily. Now we are studying with them the book of 2 Thessalonians after finishing the Inductive Study on the book of Covenant.**

**Also one of our disciples has just started teaching English to 3 girls who come from very very poor and bad families (alcoholic parents). It is a great joy that while we teach them English for free, we can teach them the Bible. We do hope God will change their hearts and they will have the Perfect Father in their lives.**

**Another disciple that comes to our group will start in a week a sports class in a village that is 15 minutes from our village.**

**Please pray for him to go with boldness and share the love of God with all the students there.**

**Pray for our children because they are sick and we had a strong antibiotic treatment not long ago. My health also needs your prayers (Alexandru), I need to go to some doctors for a good check.**

**Pray for us to get a car soon to be more useful for the people in this area.**

**Thank you very much for you great support for our family and work here.**

**With much love,**

**Alexandru and Valentina Curbet.**
